Hog County Amateur Radio Association Radio NET – Script

This is: (Your Call Sign)

Does anyone need to use the frequency before I call the Hog County Amateur Radio Association Radio Net with the Club Call of **K4HOG**? (Yes, ask if they can move to another repeater or join the net. No, then proceed with the script.)

I am Net Control for today's net session on (Date). My name is (?), my call is (Your Call Again), and I live in (**General area**), Sumter County, Florida.

This is a general radio net for the purpose of allowing participants to check their equipment, pass along any pertinent information, and just general rag-chew. This net meets each Monday evening at 8:00 PM ET. This is a Directed Net – please follow the instructions of Net Control and use standard net procedures.

This net meets on the 147.030 MHz Repeater with a tone of 123.0 Hz and is located in Sumterville, Florida. This repeater is owned and operated by the Hog County Amateur Radio Association, and we would like to thank them for allowing us to use it.

*** ARE THERE ANY MOBILE OR SHORT-TIME STATIONS WISHING TO CHECK IN? ***
(Short-time or mobiles get to go first as a courtesy.)

*** **Check-ins:** Okay, I will take local RF stations first; please give your **Call Sign, Name,** and general **QTH**. Please speak slowly; I will acknowledge each call and then ask for the next one. Then I will call for anyone on AllStar or EchoLink to check in; please give the time needed to key the repeater and release the repeater remembering there is a little delay. Then one more check for any other check-ins.

*** Take radio check-ins....please log each one and ask for correction if needed.

*** Take AllStar & EchoLink check-ins....please log each one and ask for correction if needed.

*** Ask for any additional or all other check-ins from anywhere.

After the check-ins are complete proceed with the following

***ARE THERE ANY BULLETINS OR ANNOUNCEMENTS?**

(If announcements or bulletins are presented: ask if there are any questions, explanations, or comments concerning them.)

Weekly announcements/reminders; ask if anyone needs information on the nets; **if no, do not read.**

- 1) Reminder of Monday's High Noon Net at 12:00 PM ET (Noon) on the 147.030 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.
- 2) Reminder of the Hog County Amateur Radio Association Net on Mondays at 8:00 PM ET on the 147.030 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.
- 3) Reminder of the Sumter County Emergency Communications Net on Mondays at 8:30 PM ET on the 146.925 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.
- 4) Reminder of the Friday Free For All Net on Fridays at 8:00 PM on the 147.030 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.
- 5) Reminder of the Red Oaks Amateur Radio Net on Sunday at 8:00 PM on the 145.490 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.
- 6) Reminder of the SkyWarn Net on Sunday at 8:30 PM on the 147.030 MHz Repeater with a tone of 123.0 Hz or via AllStar or EchoLink.

If you are not an active associate of the Hog County Amateur Radio Association but would like to be, please send an email to: K4HOGFL@gmail.com with your name, call, and contact information so you can be added to the roster.

Does anyone have anything further for the Net?

Okay, thank you all for taking the time to check into the Net; we really appreciate it. We hope you each have a good night and the rest of your week.

You are all invited to return at 2000 Hrs. / 8:00 PM ET next Monday evening for our next weekly net session.

This is **(Your Call Sign)**

now closing the Hog County Amateur Radio Association Radio Net at (Time) ET and returning the frequency to normal amateur use 73.

***PLEASE PASS NET STATISTICS / TRAFFIC AS FOLLOWS:**

Please send the Net report to Gene King – KI4LEH via e-mail at K4HOGFL@gmail.com

Thank You for taking the Net Control
