## Monday's High Noon Net

### Net Script

This is: **“Your Call Sign”**

Does anyone need to use this frequency before I call the **Monday's High Noon Net?**

(If someone is on the frequency let them know the net is about to start and ask if they could move their QSO or join the net if they like.)

Again this is **“Your Call Sign”** and I will be Net Control for today's Net on **(DATE)**. My name is **“Your Name”** and my QTH is **“Your general location, FL”**.

This is an informal / general Net for the purpose of “Rag Chew”, “Trader's / Swop Net”, “Technical Net”, “Informational Net” and any other purpose that we can help each other out. This Net meets here each Monday at 12:00 PM ET (High Noon). And while it is a Directed Net, we will keep it informal and enjoyable however, all standard net procedures will be followed.

We would like to thank the repeater owner, Hog County Amateur Radio Association for allowing us the opportunity to use this repeater for this net.

So let's get started, please give your call sign, your Name, your QTH and what section of the Net you are interested in; “Trader's Net”, “Technical Net”, “Informational Net” or Rag Chew. Please speak slowly, I will acknowledge each call and then ask for the next one. Please be patient and we will get everyone logged in.

As the Net is winding down ask if there is anyone who needs anything further or if there is anything the Net can do for anyone. (If so, deal with whatever it is however it needs to be dealt with.)

I would like to thank everyone for joining the Net today and invite you back again next Monday at 12:00 PM ET for another wonderful Net. Have a great rest of your day and week.
